SAFETY

DURABILITY

Crawford Boots are purpose-made safety boots for mining, agriculture and heavy-duty industrial work. Award-winning, and supplied to over 40 underground mining operations in Australia, Crawford Boots eliminate injuries associated with ill-fitting footwear, and deliver improved risk management, wearer satisfaction and value for money.

WHY CHOOSE CRAWFORD BOOTS?

Value

Built tough and built to last

- Five times the life of a regular mining boot
- Prevents time and productivity loss due to injury
- Less site waste

Safety

A personalised fit to prevent injury

- Personalised fit limits foot movement in the boot
- Tailored to any foot increasing support
- Certified to the highest safety standards required

Comfort

Increased comfort, increased morale

- Custom fit prevents strain on the lower limbs and joints
- Cushioned innersoles
- Increased morale means happy workers

YOU CAN'T AFFORD NOT TO USE THEM!
